CERTIFICATE OF EBWA COMPLIANCE 2005

Name of Company: SIP Technologies LLC

Legal Address: 5803 Kennett Pike, Suite B
Centreville
DE 19807, USA

Name of Model(s)
SIP Automatic Cooler Sanitizer

This is to certify that the above company has submitted trial results for the hygienic performance of the above Sanitizer. The results apply to Testing Protocol Module 2 (Sanitisation Frequency Assessment) developed by the EBWA (Technical) Standards Committee.

The Approvals Sub Committee of independent experts has examined the submission. It is the view of the Technical Committee that the company has satisfactorily demonstrated that the performance of the above model complies with the requirements of Protocol 2.

It is the view of the Committee that the SIP Cooler Sanitizer, if used correctly, will permit the replacement, with hygienic maintenance visits, of 2 out of 4 of the EBWA-recommended full sanitisation visits each year.

Date: Brussels, 18/11/05
